Freshman Sophomore Junior Senior Graduate Student

Faculty member Professional

Please check all appropriate blanks.

 I have never had a class or other formal experiences with aquatic sciences, but am interested in learning about the area.

 I have had a class or other formal exposure to aquatic sciences and am seriously considering choosing the area as my career.

 I teach, work, or do research in a subject that includes aquatic sciences, but aquatics is not my main interest.

 Aquatic sciences are the primary focus of my studies, teaching, work, or research.

 I have a poster or oral presentation to give in the regular ASLO meeting sessions*. Working title:

 I have a presentation to give in the student symposium*. Working title:

*Preference will be given to students who have a presentation to give in either the student symposium or one of the regular sessions (platform or poster).

Statement of interest, letter of support, and transcripts.

If you are a student and you did not participate in a previous ASLO minorities program you must submit:

1. **a one page essay** on why you would like to participate.
2. a **supporting letter from a faculty member sent by email.**
3. a **recent transcript** of your grades (unofficial is OK).

Please return this form and associated materials to:
