REGISTRATION ERROR MESSAGES & CODES

1. **LINK ERROR** – When registering on HUNet for a lecture that has an accompanying lab, you must submit the lecture portion and the lab portion at the same time because these are **linked** classes. They cannot be acquired independently of each other.
2. **PREREQ** – If you see this message, it is a **prerequisite error**. It means that you are not eligible to take this course until you successfully complete either a required test or a lower level course first. For instance **MAT 117 has a prerequisite course, MAT 105 or a S.A.T math score of 450.**
(In order to override a prerequisite, you must be manually input into the desired course by the Dean of the school offering the course. It is at the Dean's discretion.)
3. **“SR”** - When you search for courses to add to your schedule and you see **“SR”** to the left of every course, then there is a **block** or **flag** on your ID#. It may be due to any or all of the following reasons: ***(Contact the Registrar's Office for a more thorough explanation.)***
 - **Unpaid traffic ticket(s)**
 - **Not Financially Clear**
 - **No Local and/or Permanent Address**
 - **Not admitted to term/need readmission**
 - **Active academic probation or dismissal flag**
4. **“NR”** - When you search for courses to add to your schedule and you see **“NR”** to the left of every course, then it's because registration has not begun yet, or it's not your particular time to register. All students have a particular time and day when their registration begins based on their last name. Once your registration time has arrived, you should be able to register from that time until the end of registration.
5. **COREQ** - Like labs and lectures, **corequisites** are linked courses that must be taken at the same time. If you get this message, then you must submit (register) the courses together. In some cases (i.e. Nursing), there may be a series of 3 courses that are connected.
6. **DUPLICATE** – The system will give this message if a student submits a CRN# for a course that he has already registered for. On other occasions, a course may have become **“stuck”** on the schedule because someone attempted to manually drop it but didn't complete the process. If you see the course on HUNet but there is no drop-down box, then that course has become stuck in a drop status on your schedule, and the computer is reading it as if you are still registered in the course. At this point, if you try to add another section of that course, the system will show **“duplicate”** because it see the dropped course as if you were actively registered for it. If this happens, the only way to get it rectified is to have the Registrar's Office perform a manual drop to completely remove the course from your schedule.

7. **RESTRICTION** - Certain courses each semester may be reserved for certain groups of students. These courses may be reserved for a particular major or level. To make sure that these courses cannot be accessed by everyone, a code is placed on the course that will allow only the desired group of students to register for the courses. You might see the following messages when you try to register for a course that is restricted to a certain student population:

- **CAMPUS RESTRICTION**
- **MAJOR RESTRICTION**
- **LEVEL RESTRICTION**
- **CLASS RESTRICTION**
- **PROGRAM RESTRICTION**

(In order to register for a restricted course, you must obtain a signed override form from the Department offering the course during the add/drop period. ** *In regard to level restriction, Graduate students may take undergraduate level courses. The courses must be manually input into the system by Registrar's Office personnel. However, Undergraduate students may not take Graduate level courses.*)

8. **PROCESSING ERROR** – This is an internal computer error that must be addressed by Registrar's Office personnel when it occurs. If you get this error when registering for a course, write down the course prefix, number and crn and contact the Registrar's Office at (757)727-5324.

IMPORTANT NOTE: ALWAYS MAKE SURE THAT YOU *DO NOT* GO INTO ANY "CE" OR "ON" TERMS BY MISTAKE. "CE" OR "ON" ARE FOR A SPECIFIC GROUP OF CONTINUING EDUCATION OR ONLINE/DISTANCE LEARNING STUDENTS. D	64-67	1.0
D-	60-63	0.7
F	Below 60	0.0

I - Incomplete work. Not computed in . . . Not Applicable to cumulative grade point average (GPA) but converts to "F" if work is not completed within a year. Student does not need to be enrolled to remove an "I" grade.

S - Satisfactory at the "C" thru higher grade (2.00) - Not computed in the cumulative GPA grade point average.

U- Unsatisfactory at the "C-" thru "F" grade - Not computed in the cumulative GPA grade point average.

WP - Withdrew Passing - Not counted in cumulative average.

WF - Withdrew Failing - Not counted in cumulative average.

Z- Blank/No grade submitted.

Satisfactory/Unsatisfactory (S/U) Option

Any course, except those specified by the college or the student's major department, may be taken under the Satisfactory/Unsatisfactory(S/U) grading system. Satisfactory means that the student has achieved at the "C" or higher academic level. Unsatisfactory means that the student has achieved at the "C-" - "F" level. A student cannot take more than two courses on S/U per semester, and not more than 18 semester hours of S/U credit can be applied to degree requirements. School Deans or departments may set lower limits for their students. Students should also be aware that most employers and graduate schools will not favorably consider applicants who excessively use the nontraditional grading options. Departments may offer entry level, developmental courses on a S/U basis. The S/U basis may not be used for a repeated course or any lecture course in major discipline.

Withdrawal from Classes

For each term, deadlines have been set to define the period in which a student may withdraw from a course with a grade of "WP" (Withdrew Passing) or "WF" (Withdrew Failing). The deadlines are indicated on the academic calendar located on the inside of this bulletin. The vehicle for this application to the Registrar is the completed Course Withdrawal Form.

Withdrawal from the University

A student ceases to attend all classes and is no longer considered enrolled in the University. A student who withdraws before the end of the course drop period will have his or her entire semester's registration record removed from the permanent record. Withdrawal after the end of the drop period, but before 4:00 p.m. on the last day of classes, will result in a grade of "WP" or "WF" for each course. Withdrawal after the last day of classes results in grades earned for the term being recorded in the permanent record. The vehicle for this application to the Registrar is the completed Petition of Separation Form.

TAKING COURSES AT ANOTHER INSTITUTION

- a.** The Tidewater Consortium of Higher Education affords students the opportunity to take enrichment courses, not taught at the home school, at another member institution. Certain restrictions and regulations of the Consortium, the host schools, and Hampton University apply. This opportunity is only open to students with a grade point average of 2.000 or better and is designed to make available a wider variety of upper-division, elective courses.
- b.** A student may elect to take a course at any institution of higher education. To protect the student and to ensure that the student is able to have the course and its credit--not quality points--transferred back to his program at Hampton University, the students must secure permission from his or her academic advisor, department chairperson, and school dean before the end of the Hampton semester before taking the courses at the other school. Only grades of "C" or better will transfer back to Hampton. Standard forms and instructions may be obtained in each department.
- c.** Transactions to the student's record, e.g., transfer credit, can only be posted to the student's record if the student is currently registered when the transaction is received in the Registrar's Office. The appropriately approved, posted transaction will appear on the student's record when the current term is completed and the grades are processed.
- d.** The cumulative grade point average of each student will be calculated on work (courses) taken at Hampton University. All credits earned at other institutions, including those earned by students seeking reentry to the University, as well as those with approved permission to take courses at another institution, will be treated/classified as transfer credits. They may be used to reduce the number of hours required for graduation. However, they will not be used in calculating the cumulative grade point average.

GOOD ACADEMIC STANDING

Students whose cumulative averages are equal to or greater than the average for their tenure and who have met their financial obligations, and whose conduct is in keeping with the standards of membership in the university will be considered in good academic standing. Students in good academic standing are entitled to continue registration and class attendance and are eligible to apply for a degree upon completion of the necessary requirements. They are entitled to all the privileges of membership in the university, including residence, class attendance, examinations, participation in student activities (except as set forth below) and use of facilities under the regulations of the university. They are entitled to receive regular reports of their progress, to have transcripts and other official documents issued upon request, and to use the placement and other student services of the university. Any student on academic probation may be retained in accordance with the university's regulations.

XXXVII

A student placed on probationary status is allowed to retain status as a student with the following provisions:

- 1.** The students may not register for more than thirteen hours per semester. Exceptions to this rule must be approved by the Provost.
- 2.** The student may not participate in extracurricular activities that are not class related; and the student may not travel in the name of the university or at university expense. Exceptions to this rule must be approved by the Provost.
- 3.** All upper-class students placed on probation at the end of the semester must process through the Counseling Center at the beginning of the Fall or Spring semester.
- 4.** All Freshman students placed on probation must process through Freshman Studies at the beginning of the Fall or Spring semester.
