## Logging into the Infotech Domain

- **User Name: First Name. Last Name**
- **Password: Previous one established**
- **Domain: Infotech**

- **More Information Call: ext. 6931**

### NOTE:

If you are unable to get into the system using the above username and password, it may be that you do not have an account or your password has expired.

If your user name (first name + last name) is longer than 20

characters, your user name will be: **first name's initial. Last name**

For example: Christopher Washington      **c.washington**

If you wish to change your password before you can surf the World Wide Web. Please do so using the link to the Password Manager which is located in the upper right hand corner of the index page at <http://proxy.hamptonu.edu>.
